

## Technology Applications – Pre-Kindergarten

(.1) Technology and Devices Skills. Children learn how technology can enhance our lives. Technology includes computers, voice/sound recorders, televisions, digital cameras, personal digital assistants, and MP3 devices or IPODS. Surrounded by technology, children can benefit from becoming aware of and interacting with voice/sound recorders and other technology that may be available. They develop techniques for handling and controlling various devices, becoming increasingly confident and independent users of age-appropriate technologies. The student is expected to:

HF #	Objective
1	(A) open and navigate through software programs designed to enhance development of appropriate concepts
2	(B) use and name a variety of computer input devices, such as mouse, keyboard, voice/sound recorder, touch screen, CD-ROM
3	(C) operate voice/sound recorders and touch screens
4	(D) use software applications to create and express own ideas
5	(E) recognize that information is accessible through the use of technology
