## 1st Grade Overview

First graders build their learning over the course of the year as they become better readers and mathematicians! During the year, students shop for “good-fit” books, develop writing skills, and read independently and with others. In math, students expand their math skills to include two-digit addition and subtraction, time, money, and graphing. During the year, the students attend a retreat where they learn to make rosaries and visit the St. Vincent de Paul Rosary Garden. They explore energy sources, learn about our nation’s history, and research animals. A few memorable experiences in 1st grade include the annual vocabulary parade, dissecting owl pellets, learning to weave like the Native Americans, and writing their own stories.

Our goal is to partner with parents to nurture the growth of a child’s heart, mind, body, and soul.  
We are Catholic promoting the teaching of the Church.
