4th Grade Overview

Fourth grade is a year of exploring the world around them and learning about the State of Texas. The students grow deeper in their faith as they learn about the Church, and the virtues help to build positive relationships with others. Students develop many skills in mathematics including multiplication and long division. They participate in hands-on experiments allowing them to put their knowledge to the test. During the year, the students study a few novels including *Willy Wonka and the Chocolate Factory*, which concludes with a chocolate celebration. As they learn about their home State of Texas, students make a trip to the Bob Bullock Museum.

Our goal is to partner with parents to nurture the growth of a child's heart, mind, body, and soul.
We are Catholic promoting the teaching of the Church.
