## 5th Grade Overview

Fifth grade is a transition year as students prepare for middle school. Students learn how to use lockers, switch classes, and build organizational skills. This is also the first year that students have the opportunity to participate in athletics. In math, students master addition, subtraction, multiplication, and division of fractions and decimals. The English Language Arts classes focus on building reading comprehension as well as their writing skills in order to be able to express ideas clearly. An annual highlight is the four-day field trip to Camp Kappe Catholic Environmental Learning Center, where students enjoy hands-on science and religion in an outdoor setting. From dissecting fish to campfires and prayer time, this trip is a place where students make memories that last a lifetime.

Our goal is to partner with parents to nurture the growth of a child's heart, mind, body, and soul.  
We are Catholic promoting the teaching of the Church.
