11:00am Day concludes for all grandparents who are not attending the optional Estate Planning Seminar.

11:15am Estate Planning Seminar begins. Lunch will be available when you arrive.

After you register, if you have multiple grandchildren, please begin with the oldest grandchild first. Grandchildren's name and homeroom class will be provided to you with a map of the campus. You will rotate according to the schedule and will go to the activity that corresponds with the grade level that you are with according to the schedule above. You will receive a copy of this schedule in your registration packet.

If you wish, as you rotate from one grandchild's class to another's you may take the grandchild(ren) along with you as you visit the others or you may choose to leave them with their class and have one-on-one time with each.

All students MUST be accompanied by an adult on campus. If a student is not with their class, they must be with you. If you only have one grandchild, you will stay with them and you will rotate with them and their class from activity to activity. Please do not take other students that are not the student(s) that you are visiting outside of the classroom.

If this schedule doesn't work for you, you may come and go into an activity as you please. There will be parents stationed around the campus to direct you should you need assistance. There will also be a map in your registration package.

The photo opportunity is located in the gym this year. Make sure to bring all of your grandchildren with you to take advantage of the special keepsake which will be mailed to you after the event. The Book Fair is also located in the gym.

A portion of the day will include being outside and it looks as if it will be quite chilly on Friday morning, so please dress accordingly.

There are adult only bathrooms in every building on campus which will be identified with signage. We ask that you only use those and NOT the student bathrooms.
