

<b>Week 1: Morning Session, June 2-6, 2025</b>	<b>Grades</b>
<p><b>STEM with Playdough and Slime with Mrs. Vida</b> Scholars are invited to build, explore and create with playdough and slime. Through interactive activities, scholars will learn about the world around them and solve problems together.</p>	PK-2
<p><b>Kindergarten Kick Off with Ms. Phelan</b> Are you ready for kindergarten? Join us for this session as we get ready for kindergarten. Scholars will be introduced to school- day routines, rotations and hands-on learning. They will read stories, sing songs, dance and create fun art. By the end of the session, scholars will have made friends and have the confidence to feel prepared for the first day of kindergarten.</p>	K
<p><b>My Trip to the Mountains with Mrs. Pish</b> We will go on an adventure through forests and meadows and on up to the mountains as we sing and move with all the creatures and nature we find along the way!</p>	K-2 Enrollment Closed
<p><b>STEM Problem Solvers with Mrs. Guzman</b> Do you like to know how things work? Do you like finding solutions to problems? Then this session is for you! Join your fellow scholars solving problems and engineering solutions.</p>	3-5
<p><b>Ancient Civilizations Adventure Pt. 1 with Mrs. Donohoe</b> Journey around the globe on a tour of ancient civilizations through literature, STEAM projects, and food relating to ancient Egypt, Greece, Rome, China, Africa, and the Americas. Discover the ancient Chinese method of paper making, decipher hieroglyphics and cuneiform writing, build an Egyptian pyramid, sneak past the Minotaur on Crete, discover the legends of ancient Africa, and more. This session can be taken on its own or with the afternoon session. Sign up for all or part of the ancient world tour!</p>	3-5
<p><b>Soccer Clinic with Coach Ligon</b> Expand your soccer skills during this session as scholars develop their ball control and defensive skills. Every session includes a warm-up, skill development, a game related group game, and scrimmage.</p>	6-8
<p><b>Explore the World of Oz: A Musical Theatre Journey with Mrs. Pirotina</b> Take a deep dive into the magical world of Oz with songs from <i>The Wiz</i>, <i>The Wizard of Oz</i>, and <i>Wicked</i>! This exciting camp combines a study of musical theatre with lessons on the creators and stars behind these iconic shows. With an emphasis on vocal technique, stage presence, and storytelling, participants will develop their skills while celebrating the rich legacy of Oz. Perfect for aspiring performers and fans of these classic shows, this masterclass promises an unforgettable experience.</p>	6-8
<p><b>STEAM for Future Female Innovators with InnovateHER Team</b> InnovateHER is a hands-on STEAM camp where 6th-8th grade girls build, create, and solve real-world challenges. Through exciting projects and career explorations, girls will discover their potential in science, technology, engineering, art, and math!</p>	6-8

<b>Week 1: Afternoon Session, June 2-6, 2025</b>	<b>Grades</b>
<p><b>Fitness and Fun with Coach Ligon</b> Scholars are invited to run, jump, dance and move in this summer session focused on healthy movement through games and fun. During the session, scholars will play games, work in teams, and improve coordination.</p>	K-2 Enrollment Closed
<p><b>STEAM for Young Explorers with InnovateHER Team</b> InnovateHER introduces K-2 kids to STEAM through fun experiments, creative play, and hands-on activities. Young explorers will build, tinker, and discover how science and engineering shape the world around them!</p>	K-2
<p><b>Recorder Everyday! With Mrs. Pish</b> Scholars will explore the different sizes of recorders - playing with soprano, alto, and tenor recorders! We will learn songs with 2-3 different parts and learn more of the notes we haven't gotten to yet!</p>	3-5
<p><b>Color Splash with Ms. Phelan</b> Color is everywhere! Come explore the art of color blends by creating various colorful crafts using different art techniques. We will begin with markers, water paints, expand with oil pastels and end with tie dying. Let's light up the world with color! *Scholars will be asked to bring a white cotton shirt and a white cotton pillowcase</p>	3-5
<p><b>Ancient Civilizations Adventure Pt. 2 with Mrs. Donohoe</b> Journey around the globe on a tour of ancient civilizations through literature, STEAM projects, and food relating to ancient Egypt, Greece, Rome, China, Africa, and the Americas. Discover the ancient Chinese method of paper making, decipher hieroglyphics and cuneiform writing, build an Egyptian pyramid, sneak past the Minotaur on Crete, discover the legends of ancient Africa, and more. This session can be taken on its own or with the afternoon session. Sign up for all or part of the ancient world tour!</p>	3-5
<p><b>Cooking fresh with Coach Silveyra</b> Get ready for a culinary adventure as scholars learn to prepare fresh and simple food without the use of an oven. Cooking class promises to be both delicious and educational.</p>	6-8
<p><b>Safety First with Mrs. Guzman</b> Scholars will learn the basics of human anatomy and the importance of many of the major organ systems (cardiovascular, respiratory, neurological, skeletal, and integumentary). Scholars will learn how to protect and care for the organ systems through discussions, activities, and hands-on simulations. First aid concepts will be introduced and practiced (this is not a First Aid Certification Class).</p>	6-8

<b>Week 2: Morning Session, June 9-13, 2025</b>	<b>Grades</b>
<p><b>Stories Come to Life with Mrs. Vida</b> Preschoolers will be introduced to different types of storytelling and be able to act out based on the characters in the story. They will learn how to use their imagination to create their own character to bring the story to life.</p>	PK-2
<p><b>Spanish with Senora Leal</b> Come learn Spanish as you have fun and explore a new language. Scholars will practice Spanish through immersion in the Spanish language through cultural exploration, games, crafts, songs, and rhymes.</p>	PK-K
<p><b>Rumble in the Jungle with Mrs. Pish</b> Join us for songs, stories, instruments, and moving while we explore all the wonders of the jungle!</p>	K-2 Enrollment Closed
<p><b>STEAM for Young Explorers with InnovateHER Team</b> InnovateHER introduces K-2 kids to STEAM through fun experiments, creative play, and hands-on activities. Young explorers will build, tinker, and discover how science and engineering shape the world around them!</p>	K-2
<p><b>Fitness and Fun: Multi-sports Edition with Coach Ligon</b> Scholars are invited to build skills and practice drills that are needed to play many different sports. During the week, scholars will learn skills connected with several different sports including soccer and basketball.</p>	3-5
<p><b>National Treasure with Mrs. Blackstone</b> Discover the thrill of the treasure hunt. During this session, scholars will go on a hunt to find a hidden treasure. After learning how to read maps and design maps, teams will hide a treasure and leave clues in order to discover the treasure. This is a perfect session to help future treasure hunters build the skills needed to discover secret treasures!</p>	3-5
<p><b>STEM Problem Solvers with Mrs. Guzman</b> Do you like to know how things work? Do you like finding solutions to problems? Then this session is for you! Join your fellow scholars solving problems and engineering solutions.</p>	3-5
<p><b>Adulting 101 for Future Grown-Ups: Financial Literacy Master Class with Mrs. Pirotina</b> Scholars will learn how to prepare for the real-life responsibilities of adulthood. Participants will work together in simulated family household environments to practice and develop essential life skills, gaining practical tools and confidence for the real world. Scholars will learn about budgeting, financial planning, managing money, and credit.</p>	6-8

<b>Week 2: Afternoon Session, June 9-13, 2025</b>	<b>Grades</b>
<p><b>Spanish with Senora Leal</b> Come learn Spanish as you have fun and explore a new language. Scholars will practice Spanish through immersion in the Spanish language through cultural exploration, games, crafts, songs, and rhymes.</p>	K-2
<p><b>National Treasure with Mrs. Blackstone</b> Discover the thrill of the treasure hunt. During this session, scholars will go on a hunt to find a hidden treasure. After learning how to read maps and design maps, teams will hide a treasure and leave clues in order to discover the treasure. This is a perfect session to help future treasure hunters build the skills needed to discover secret treasures!</p>	K-2 Enrollment Closed
<p><b>Instrument Ensemble with Mrs. Pish</b> Do you want to spend more time playing the xylophones, metallophones, glockenspiels and the tubano drums? We will learn some more pieces to play that are more challenging than what we have time to do in school!</p>	3-5
<p><b>Safety First with Mrs. Guzman</b> Scholars will learn the basics of human anatomy and the importance of many of the major organ systems (cardiovascular, respiratory, neurological, skeletal, and integumentary). Scholars will learn how to protect and care for the organ systems through discussions, activities, and hands-on simulations. First aid concepts will be introduced and practiced (this is not a First Aid Certification Class).</p>	3-5
<p><b>Cooking fresh with Coach Silveyra</b> Get ready for a culinary adventure as scholars learn to prepare fresh and simple food without the use of an oven. Cooking class promises to be both delicious and educational.</p>	6-8
<p><b>STEAM for Future Female Innovators with InnovateHER Team</b> InnovateHER is a hands-on STEAM camp where 6th-8th grade girls build, create, and solve real-world challenges. Through exciting projects and career explorations, girls will discover their potential in science, technology, engineering, art, and math!</p>	6-8
<p><b>Volleyball Clinic with Coach Ligon</b> Expand your volleyball skills during this session as scholars develop their volleyball IQ, improve their skills, practice drills, and engage in scrimmages.</p>	6-8
